

FEED PEOPLE, NOT LANDFILLS.

**Golden State
Restaurant Group helps
provide high-quality
meals to those in need
in our communities.**

Golden State Restaurant Group donates fresh, unused food to hunger relief organizations in our communities through our Harvest Program. In each of our freestanding restaurants we cook our unserved surplus food and prepare it for donation. Local food banks, shelters and other charitable organizations benefit from these donations. All of us should be striving to prevent food waste as much as possible.
